## PROFESSIONAL SUMMARY

**Frontend Developer** with hands-on experience building responsive and user-focused web applications using **HTML, CSS, JavaScript, React, and Tailwind CSS**. Strong problem-solving and collaboration skills, with a foundation in **C**, working knowledge of **Python**. Currently pursuing a Bachelor's degree in Computer Science and eager to contribute to collaborative, fast-paced development teams.

## TECHNICAL SKILLS

**Languages:** HTML, CSS, JavaScript, C, TypeScript, Python(basic)
**Frameworks & Library:** React, Bootstrap, Tailwind CSS, Saas
**Tools:** Git, GitHub, Canva, VS Code, Excel, AWS (basic)

## PROJECTS

**Smart Expense Tracker** | https://amit555-star.github.io/smart-expense-tracker/

- Built a responsive expense tracking using HTML, CSS, and JavaScript, with a built-in **currency exchange feature**.
- Designed a **mobile-friendly UI** with touch gestures, **swipe-based currency selection**, and real-time expense handling

**E-Learning Website** | https://amit555-star.github.io/e-learning-full-website/

- Developed a responsive e-learning platform using **HTML, CSS, JavaScript, and Bootstrap**.
- Deployed via GitHub Pages; focused on **UI/UX and responsive design principles**.

**Tic-Tac-Toe Game** | https://amit555-star.github.io/TicTacToe/

- Developed an interactive 2-player game using **JavaScript DOM manipulation**.
- Includes **turn-based logic, win detection, and board reset functionality**.

**PFC Menu UI Recreation** | https://amit555-star.github.io/pfcMenu-clone/

- Created a **completely new UI design** with responsive layout for desktop and mobile.
- Applied **modern CSS techniques** (Flexbox, Grid, hover effects, animations) to build a **clean, user-friendly interface** showcasing design attention.

## EXPERIENCE

**Frontend Developer (Self-Learning Projects) | Independent**
